Fatburger Serves Up Premium Burgers at Langley's Willowbrook Shopping Centre

Guests can enjoy fresh cooked burgers, hand breaded chicken tenders & other tasty options

LANGLEY, BC, December 6, 2019 – Fatburger is pleased to announce the opening of their newest location at the Willowbrook Shopping Centre in Langley, BC. Fans of Fatburger's award-winning burgers can now indulge their taste buds at the second Langley location, the 56th Canada-wide. The newest addition to the Fatburger family is owned by partners Mukesh Baharti & Pradeep Chopra. This is their second Fatburger location.

"We are pleased to serve great tasting Fatburger favourites with exceptional customer service," said Pradeep Chopra, the Managing Franchise Partner. "Quality is our number one priority and guests can expect it when they visit Fatburger Willowbrook."

For close to 15 years, Fatburger has been one of Western Canada's fastest-growing and most popular burger chains acclaimed for serving up award winning burgers, as well as Buffalo's™ world-famous wings and tenders. What makes Fatburger so special? Premium ingredients. Each and every burger starts with fresh, never frozen Alberta Angus beef. No additives, binders or fillers. Only the freshest produce, including hand-shredded lettuce and award-winning centre-cut beefsteak tomatoes, qualify to be served on a Fatburger.

Fatburger traces its roots back to the 1950s in Los Angeles when the word fat meant cool or hip, but the size of burgers led to the distinctive name. "The name of the store was my idea. I wanted to get across the idea of a big burger with everything on it . . . a meal in itself," said Fatburger founder Lovie Yancey.

Fatburger offers a wide selection of items on its menu for diverse tastes. To complement the chain's burger selections and other entrees are veggie burgers custom-made exclusively for Fatburger, chicken sandwiches made with full-sized marinated chicken breasts, Buffalo's™ World Famous Tenders, and its "best anywhere" milkshakes made with premium, hand-scooped ice cream. For those seeking a low-carb, gluten friendly treat, Fatburger offers the option to "Lettuce Wrap" your burger or sandwich.

###

About Fatburger Canada: In 1947 Lovie Yancey founded Fatburger under its original name Mr. Fatburger. In 1952, Yancey shed both her business partners and the "Mr." from the name of the hamburger stand, and Fatburger was officially born. From the beginning, Yancey was a fixture at the original Fatburger, where customers, who included entertainers such as Redd Foxx and Ray Charles, could custom-order their burgers.

In 2005, the first Fatburger Canada opened in the popular English Bay area of Vancouver, BC. And while our roots are from California, Fatburger in Canada is Canadian owned and operated – and proud of it! The company is actively seeking new franchisees across Canada. For more information, or to find a Fatburger near you, go to www.fatburgercanada.com.

About FDF Restaurant Brandz: FDF Restaurant Brandz is a leading privately held multi branded franchise company. Founded, owned and operated by Canadian restaurateur and franchise developer Frank Di Benedetto, FDF Restaurant Brandz is the proud parent company of The Ricky's Group of Family-style Restaurants, including Ricky's All Day Grill, Ricky's Country, and Ricky's hotel partners, Fatburger Canada, and Famoso Italian Pizzeria + Bar, with franchise restaurant locations in British Columbia, Alberta, Saskatchewan, Manitoba, and Ontario.
